PME Holds Pink Flamingo Fundraiser

The Danvers Parents for Music Education (PME) is taking orders for "flockings" of pink flamingo birds to adorn a lawn of your choice with a special message attached. The cost is a \$15 donation and flockees will have to endure being the "flock of the town" and live with the pink pairs for at least 24 hours. Residents can then choose to make a donation of \$5 to the PME to have the birds removed, and can even donate \$15 if they want to choose where the next "flocking" will land. Insurance protection is made available for \$20, if you absolutely do not want these visitors to fly in your yard.

The flamingos will begin to fly south by the end of October. Be the first on your block to flock. DHS Band and Choral students are now taking orders, or you can send an order by mail to Danvers PME, P.O. Box 2145, Danvers, MA 01923 (checks payable to Danvers PME). Please include your name, and be sure to include the flockee's name, address, and any special message or delivery instructions. Order forms are also available on www.danversband.org. Questions or comments please email danverspme@yahoo.com.
